

KAIUM AL LIMON

FLUTTER DEVELOPER

☎ +8801738-439423 ✉ kalimon291@gmail.com 🌐 kaiumallimon 🌐 kaiumallimon 🌐 kaiumallimon

Experienced Flutter developer with over 3 years of practical experience delivering cross-platform mobile and web applications. Strong expertise in Flutter, Firebase, Provider and Bloc, emphasizing clean, maintainable code and efficient state management. Committed to building scalable and user-focused solutions while continuously expanding technical skills to stay current with industry trends.

KEY-COMPETENCIES

Cross-platform App Development, API Integration, State Management, UI/UX Design, Responsive Layouts, Problem Solving, Debugging, Database Management, Performance Optimization, Scalability, Firebase Integration, Bloc Pattern, Clean Architecture, Version Control (Git)

PROJECTS

Nex – AI Chatbot Application Complete

- Developed a ChatGPT-like AI chatbot in Flutter, using Supabase for user authentication and Hive for offline chat history persistence.
- Designed a clean, modern UI supporting context-aware conversational AI and environment configuration.

MediTouch – Telemedicine for Rural Communities Complete

- Built a Flutter-based telemedicine platform providing video consultations, appointment booking, emergency support, and healthcare education for underserved rural Bangladesh.
- Integrated Firebase services for authentication, notifications, and real-time updates.

Pharmbrew – Pharmaceutical Industry ERP Complete

- Created a scalable full-stack management system with a Flutter frontend and PHP/MySQL backend, supporting procurement, inventory, payroll, and financial tracking.
- Implemented role-based access control and document management to enhance operational security and compliance.

Dorm of Decents – Expense Manager Complete

- Created a cross-platform system for shared expense tracking and settlements.
- Implemented real-time sync and automated balance calculation.

Wayout – Ultimate Tour Planner Complete

- Developed a JavaFX desktop application enabling seamless local tour bookings with live updates and role-based access for travelers and guides.
- Integrated third-party APIs for geo-location, weather forecasting, and Google OAuth authentication.

joblagbe.com – Skill-Based Job Platform Complete

- Developing a Flutter-based job portal where applicants pass skill tests to apply, featuring role-specific dashboards for applicants, recruiters, and admins.
- Integrated Firebase backend, MCQ assessments, tutorial unlocking, and animated UI components.

TECHNICAL-SKILLS

Languages: C, C++, Java, TypeScript, Python, Dart, SQL

Libraries & Frameworks: Flutter, FastAPI, Next.js

Databases: MySQL, PostgreSQL, MongoDB

Tools & Platforms: Firebase, Supabase, Visual Studio Code, Git/GitHub, Android Studio, Vercel, Netlify

EDUCATION

B.Sc. in Computer Science & Engineering

2022 – July 2026 (Expected)

United International University

Higher Secondary Certificate (HSC)

Safiuddin Sarkar Academy & College

GPA: 5.00 / 5.00

2018 – 2020

Secondary School Certificate (SSC)

Daudpur Putina High School

GPA: 5.00 / 5.00

2013 – 2018

EXTRACURRICULAR

Head, Software & Innovation

UIU App Forum

Sept 2024 – Oct 2025

Junior Executive, Development

UIU App Forum

Aug 2023 – Sept 2024

ACTIVITIES

ACHIEVEMENTS

- **Champion** – MediTouch: Transforming Healthcare Access, *System Analysis and Design Lab, UIU CSE Project Show, Summer 2024*
- **1st Runner-up** – MediTouch, *Software Engineering Lab, UIU CSE Project Show, Fall 2024*
- **1st Runner-up** – Pharmbrew ERP, *Database Management Systems Lab, UIU CSE Project Show, Spring 2024*
- **2nd Runner-up** – Wayout: The Ultimate Tour Planner, *Advanced OOP Lab, UIU CSE Project Show, Spring 2023*
